JANANI ARUMUGAM

Chennai | anitha.thangavel63@example.com | 555-0162

PROFESSIONAL SUMMARY

Data-driven problem solver experienced in NLP, seeking to apply Data Science principles to challenging projects.

TECHNICAL SKILLS

NLP, Tableau, PyTorch, Big Data, SQL, Pandas

PROFESSIONAL EXPERIENCE

Machine Learning Engineer

Lakshmanan Global | 2017 - 2020

- Developed interactive dashboards in PyTorch to visualize key business metrics.
- Built predictive models using Pandas achieving 103% accuracy for customer churn.
- Analyzed 360TB of dataset to extract actionable insights using PyTorch.

Data Scientist

Lakshmanan Systems | 2015 - 2016

- Developed interactive dashboards in PyTorch to visualize key business metrics.
- Built predictive models using SQL achieving 310% accuracy for customer churn.
- Analyzed 307TB of dataset to extract actionable insights using NLP.
- Automated data pipelines reducing manual reporting time by 441%.
- Deployed PyTorch models to production serving 607k inferences daily.

EDUCATION

B.S. in Data Science

Anna University, Graduated 2018
